

Customer Loyalty Program

Straightforward upgrades and competitive trade-ins
for current and new SonicWall customers

The SonicWall Customer Loyalty Program offers an upgrade path from current SonicWall products, and a trade-in path from competitors' products, in addition to special pricing on a wide range of SonicWall products. This offer recognizes the past investments that customers have made and helps them maintain optimal security by letting them easily and affordably replace outdated security appliances.

Customers who purchase the comprehensive subscription services and support option when upgrading a SonicWall product or trading in a competitive product can save up to 50 percent on the total annual cost of that solution, compared to the cost of buying the hardware separately and renewing services each year. Subscriptions are available in two- and three-year terms to maximize savings.

The Customer Loyalty Program is comprised of two different offers: Secure Upgrade Plus (which covers SonicWall upgrades and Competitive Trade-Ins) and the SonicWall Customer Loyalty Bundle offers.

Secure Upgrade Plus is designed for current, qualifying SonicWall customers who wish to upgrade from older SonicWall appliances, as well as those who want to trade in appliances from other manufacturers. The Secure Upgrade Plus offer lets qualified customers and prospects trade in their old firewalls, secure mobile access and email security products for the latest

SonicWall technology in each category all at significant discounts. Additionally, for customers who make an upgrade or trade-in purchase, the Customer Loyalty Bundle offer provides special pricing on SonicWall's other product solutions not represented in the Secure Upgrade Plus purchase. For example, a customer upgrading a firewall may also, within a limited period of time, receive special pricing on an Email Security, Secure Mobile Access, or WAN Acceleration solution and/or SonicWave 802.11ac Wave 2 wireless access points – up to one complete solution from all four categories.

See Terms and Conditions for qualified upgrade paths. For details on arranging upgrades to SonicWall high-end NSa and NSsp Series products, contact your reseller or SonicWall representative.

Features

Special pricing — Enables customers to upgrade their SonicWall products, replace competitive products for SonicWall products and obtain additional special pricing on other SonicWall products.

Financial rewards for enhancing security – Lets customers save up to 50 percent on total annual solution costs (in contrast to the cost of buying the hardware separately, plus one year of services each year) making it far more affordable and manageable to remain optimally protected with the best and latest technology available.

Benefits:

- Special pricing on upgrades, SonicWall products or trade-ins of a competitive product
- Provides a credit for your old appliance
- Enables service transfers for subscription services and support services
- Includes qualification for the Customer Loyalty Bundle
- Provides a broader choice of qualifying solutions
- Features flexible, simplified subscriptions

Transfer of service and support subscriptions – Customers can transfer any remaining or unused service and support subscriptions from their old SonicWall appliance to their new appliance (within approved upgrade paths). The transfer will equal the subscription time remaining on the old appliance.

Customer Loyalty Bundle offer qualification – Customers who participate in the Customer Loyalty Program are eligible for preferred pricing (30 percent less than MSRP on an appliance) on the purchase of additional products from select SonicWall product lines

Broader choice of qualifying solutions – The Customer Loyalty Program features a wide range of network security, wireless access secure mobile access (SSL VPN) and email security solutions.

Flexible, efficient subscriptions options – Gives customers a choice of two- and three-year terms.

Real-time breach prevention with Secure Upgrade Plus – Advanced Edition – Customers can add Capture Advanced Threat Protection service, a multi-engine sandbox to discover and stop newly developed, advanced threats as part of Advanced Gateway Security Suite (AGSS). Secure Upgrade Plus – Advanced Edition includes a new SonicWall Firewall and a multi-year AGSS subscription that stops known and unknown, late-breaking threats to your organization.

Cloud-based management with Capture Security Center – Secure Upgrade Plus includes a Capture Security Center Management license for cloud-based, single-pane-of-glass management of your SonicWall devices.

Customer Loyalty Program terms and conditions

The Customer Loyalty Program
To qualify for the Customer Loyalty Program, the participant must be the legal Owner of the Eligible SonicWall Product or Eligible Competitive Product. In order to purchase either the corresponding SonicWall Replacement Product or a corresponding Competitive

Replacement Product, that Product must be (i) currently registered with the manufacturer, and (ii) listed in the Eligible Product Matrix shown below.

In all cases, both customers and resellers are advised to consult the Eligible Product Matrices for each product line prior to completing any purchase. End-customer contact information must be provided at the time of registration regardless of which party (i.e., the end customer or reseller) is completing the registration process.

SonicWall reserves the right to validate legal ownership (e.g., by requiring a receipt or invoice showing proof of ownership).
